“Understanding the world around us is critical to our success as a state and nation. Opportunities for educators to better understand our global connections and delivering that knowledge to our students is powerful.” Elaine Marshall, NC Secretary of State

WORLD VIEW'S 2019 MOLDOVA GLOBAL STUDY VISIT PROGRAM

World View's Global Study Visit Programs are designed to support educators in becoming leaders for global education by looking beyond the borders of North Carolina as well as exploring global connections to North Carolina. Educators will experience a culture, country and community different from their own to deepen their learning about that country and the diverse factors impacting education. The global study visit program engages educators in authentic, experiential and challenging professional development to enhance educators' personal and professional global competency skills.

This program begins with a two-day professional development workshop and orientation focused on learning about Moldova and its connections to North Carolina. The State of North Carolina has a bilateral partnership with the Republic of Moldova. The official North Carolina-Moldova Bilateral Partnership was formalized in 1999 and it has since evolved into a partnership that includes the efforts of many individuals and organizations, including private firms, civic clubs and non-profit entities. This unique relationship between North Carolina and Moldova was built upon cultural, academic and scientific exchanges, as well as governmental cooperation and humanitarian efforts.

The NC Secretary of State Office encourages the NC educators to learn more about the relationships with Moldova. For additional information and a copy of the 2015 Agreement between NC and Moldova, please visit: https://www.sosnc.gov/divisions/moldova_partnership/agreements.

As part of the program, the pre-departure workshop will include a "global is local" focus on the relationship between North Carolina and Moldova. The orientation will additionally focus on travelling internationally, specifically in preparation for the study visit to Moldova. There will also be on-going web-based opportunities and resources provided to deepen educators' knowledge of the issues, history and culture of Moldova. Upon return from Moldova, study visit participants will take part in a post study visit workshop to reflect and develop a plan of action for integrating the experience into participants' classrooms and schools.

Educators who participate in the Moldova Global Study Visit Program can expect to do the following:

1. **Build their own global competencies** as they investigate global issues, explore their own perspectives and learn from and with individuals with different perspectives, communicate across cultures and take action by transferring the study visit experience into their own role as an educator.
2. **Increase their own confidence and capacity for introducing global issues and themes** and supporting global education initiatives in their education environment.
3. Exercise **collaboration and leadership skills** by working with others, both North Carolina and Moldovan educators, moving outside of their comfort zones to be flexible and adaptable, engaging in critical self-reflection and planning follow-up steps.
4. Increase their knowledge and understanding of **culture, language and daily life in Moldova**.
5. Gain knowledge of **Moldova's educational systems and practices** by visiting schools and engaging in discussions, workshops and team teaching with Moldovan educators.
6. Explore selected **cultural and historical sites** in Moldova.
7. Increase their **knowledge and understanding** of the relationship between North Carolina and Moldova, as well as explore the **perspectives and challenges** faced by Moldovan and other Eastern European students living in North Carolina.

8. Design and share a “**deliverable**” that enables transfer of this powerful global experience back to the participant’s school.
 - Deliverables can take a variety of forms: a globally integrated unit, a PD workshop for peers, a culture kit and learning guide to be shared with a grade level team, incorporation into a Global Educator Digital Badge PD Capstone, a global education action plan, etc.
9. Produce at least one **reflection** on the study visit experience to be shared with World View. This reflection can take a variety of forms and can be produced during or after the study visit. Examples include a photo essay, a brief article, a story map, blog posts, an audio diary, etc.

STUDY VISIT ITINERARY HIGHLIGHTS **The itinerary is subject to change.*

Moldova shares borders with Romania and the Ukraine. Its capital city is Chişinău, situated along the Bâcu river. Upon the collapse of the Soviet Union in 1991, this republic declared its independence and took the name Moldova. It became a member of the United Nations in 1992. Two-thirds of Moldovans are of Romanian descent; the two countries share a language and common cultural heritage. With a moderate climate and productive farmland, Moldova’s economy relies heavily on its agriculture sector, featuring fruits, vegetables, wine, wheat and tobacco. Considered the least visited county in Europe, Moldova is a fascinating example of a nation in transition.

CONDITIONS OF PARTICIPATION IN ACTIVITY OUTSIDE THE UNITED STATES

I understand and hereby acknowledge and agree as follows:

HAZARDS AND RISKS OF INTERNATIONAL PROGRAMS

Participation in the Activity may entail dangers, hazards, and risks associated with international travel and activity outside the United States. These risks include, but are not limited to dangers associated with air travel and all other modes of transportation; foreign political, legal, social, and economic conditions, including terrorism, crime, civil unrest, kidnapping, and violence; foreign standards of design, safety, and maintenance of facilities (including unsecure computing and wireless facilities), buildings, and public places; foreign sanitation, medical conditions, and disease; and natural disasters such as earthquakes, tsunamis, and other extreme weather conditions. Any of these risks could result in damage to my property and privacy, illness, injury, and/or death.

HEALTH AND SAFETY

I will not participate in the Activity if my medical practitioner advises that participation presents a direct threat to my health or safety or the health or safety of others. I will have and take with me requisite quantities of any personal medications for the duration of the Activity, and I assume responsibility to administer my own medications.

I have reviewed the U.S. Department of State (“DOS”) travel advisory concerning travel to and around each foreign country that I will visit in connection with the Activity (available at <https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html>). I understand that it is my responsibility to determine the medical and other risks associated with any country I intend to visit. I have obtained up-to-date vaccinations and immunizations advised by DOS and/or the Centers for Disease Control and Prevention (available at <http://wwwnc.cdc.gov/travel/>), consistent with any instructions provided by my medical practitioner or the Activity’s conditions of participation.

DOS issues travel advisories for all foreign countries. These travel advisories provide information regarding safety and security concerns in foreign countries. I have read the entire travel advisory for each country to which I am traveling and understand the travel advisory level associated with those countries. DOS may advise travelers to exercise normal precautions, exercise increased caution, reconsider travel, or avoid travel to certain countries and certain regions within certain countries. Notwithstanding DOS travel advisories and other such warnings, I accept the risks of participation in the Activity. If, for any reason, I must immediately evacuate a foreign country that I am visiting in connection with the Activity, I may need to personally arrange such evacuation notwithstanding any UNC risk management program that may apply to the Activity.

I acknowledge that the University’s “Policy Concerning Global Study, Travel, and Research” applies to the Activity and that my travel and/or funding may be terminated under the circumstances set out in that policy at: <https://global.unc.edu/files/2018/02/UNC-Travel-Policy-Final.pdf>

In the event of illness or injury, I authorize the program director or other agents to obtain emergency or other medical treatment for me as deemed necessary, including administration of an anesthetic or other medication and surgery, and I hereby assume the cost of such treatment. I further authorize the program director or other employees or agents of UNC to disclose any information about me or related to my illness or injury to either (a) obtain medical treatment in the event of illness or injury, or (b) inform others about such illness or injury or circumstances related thereto, as deemed by the program director or other agents to be reasonable, necessary, or helpful under the circumstances. I understand that this authorization is given in advance of any specific diagnosis, treatment, or hospital care being required but is given to provide authority and power on the part of UNC to give specific consent to the diagnosis, treatment, or hospital care which in the best judgment of a licensed physician is deemed advisable. In the event that UNC provides any medical, safety, emergency, or other assistance to me, which I hereby authorize, I understand that such assistance does not diminish my sole responsibility for my own health and safety otherwise, and I agree to pay all expenses related to UNC’s assistance to me and hereby release UNC from any liability for any such actions or for payment for such authorized treatment.

INSURANCE

I am responsible for my medical care while outside the United States. Supplemental International health evacuation and repatriation insurance coverage is included in the price of the study visit. I have reviewed my medical insurance policy and coverage and I understand that this medical insurance may not cover all expenses related to my medical care while outside the United States. I am solely responsible for the payment of any costs incurred in treatment that

my insurance does not cover, and UNC bears no responsibility to me for sickness or injuries sustained by me in connection with my travel and participation in the Activity or for medical treatment.

PHOTOGRAPH CONSENT

I hereby grant UNC the irrevocable right and permission to photograph or videotape my participation in the Activity and to use the photograph(s) and/or videotaped image(s) in any and all flyers, publications, Internet websites, audiovisual presentations, promotional literature, or for any other similar purpose without compensation to me. I understand and agree that I may be identified by name in printed, Internet, or broadcast information that might accompany the photograph or image. I agree that all such portraits, pictures, photographs, video, and audio recordings and any reproductions thereof, and all plates, negatives, recording tape, and digital files shall remain the property of UNC. I waive the right to approve the final product.

I hereby release and forever discharge UNC, its trustees, agents, and employees, from any and all claims and demands arising out of or in connection with the use of said photographs/images, including but not limited to, any claims for invasion of privacy, appropriation of likeness, or defamation.
