

Compare and Contrast

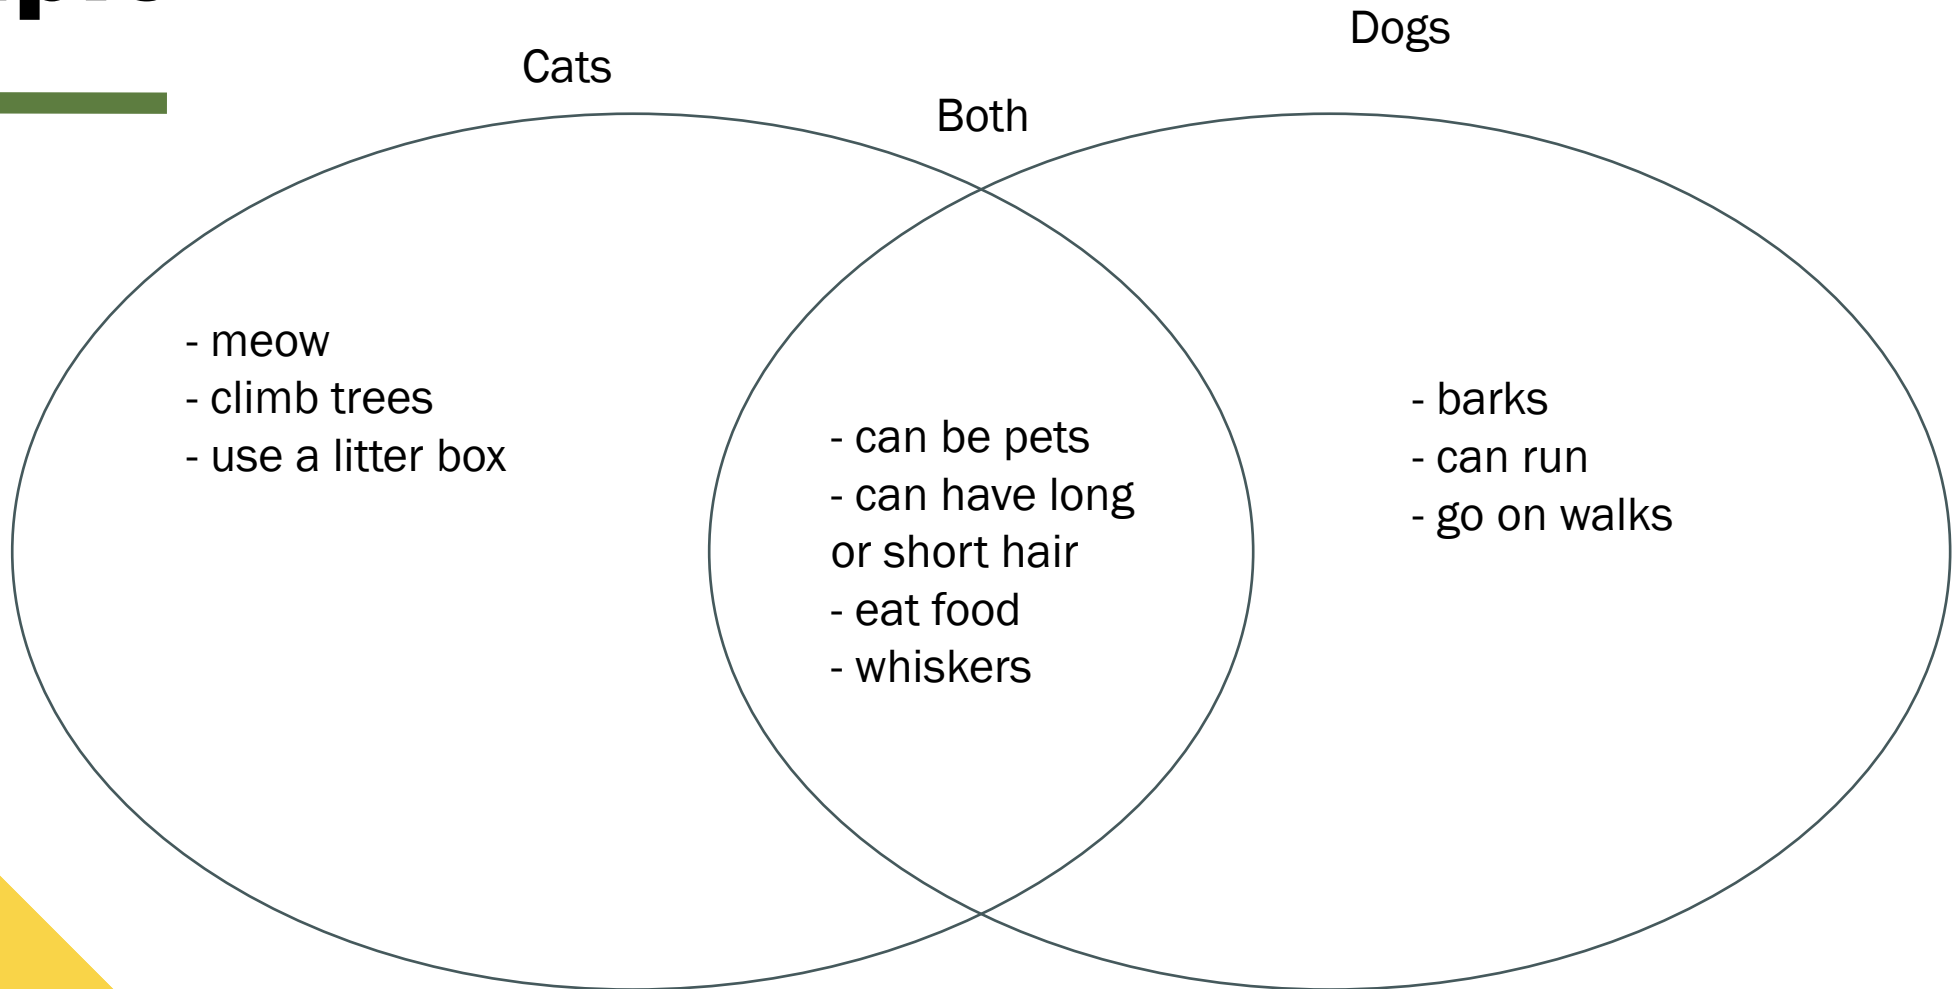

This document was created by Brittany Riggs of Carolina Forest International Elementary as part of the 2023-2024 UNC World View Global Fellows Program. For more information about the program, please visit <http://worldview.unc.edu/>.

What does it mean to compare and contrast?

- When you compare, you look at the similarities (things that are the same)
- When you contrast, you look at the differences (things that are not the same)
